

Cost of wiring for large high-voltage distribution cabinets

Overview

For larger electrical jobs like installing wiring or replacing an electrical panel, expect to pay \$2,000 to \$6,000. Get free estimates from residential electrical services near you. An office might call for lighting layouts and data cabling, while an industrial space could need heavy-duty wiring and higher voltage systems. Here are typical cost ranges based on the most. ed for interconnection. Unit Cost Guide is not binding for actual facility costs and is provided only for additional cost transparency. A large electrical enclosure is a cabinet that holds and protects electrical parts like breakers, relays, and controllers. Whether you're quoting a panel upgrade for a new build or wiring a multi-unit commercial space, the numbers on your estimate aren't just guesses—they're the difference between staying profitable and bleeding hours on change orders.
