

Eighth in the world in optical module rankings

Overview

In 2023, Innolight (ranked 1st), Huawei (ranked 3rd), Accelink (ranked 5th), Hisense Broadband (ranked 6th), Eoptolink (ranked 7th), HG Genuine (ranked 8th), and Source Photonics (ranked 9th). The global optical module market has grown significantly, driven by the rapid expansion of data centers, 5G deployment, and the growing demand for AI infrastructure. By 2026, worldwide annual sales of optical modules are expected to exceed several tens of billions of dollars, with accelerated. A few days ago, LightCounting, a well-known market research organization in the optical communication industry, released the latest market report and updated the TOP10 ranking of global optical module suppliers. Telecommunication networks (wireless and wired) are the second-largest application, contributing 28% of market revenue in 2022. The latest data shows that Xutron Technology and II-VI acquired Finisar, the.

LightCounting :: May 2025 Optical Vendor Landscape

This report takes a deeper look at suppliers of optical components and modules, providing market shares of leading vendors sorted into several categories (top 3, top 4-6, top 7-10, and other vendors).

Latest Ranking of Top 10 Global Optical Module Suppliers

The latest data shows that Xutron Technology and II-VI acquired Finisar, the leading optical module company, and tied for the first place in optical module market share in 2021, which is also the first ...

Top 10 Leading Companies in the Global Optical ...

Strengths: Industry leadership in coherent modules Vertically integrated from materials to modules Strong focus on next-gen 800G and beyond ...

The latest ranking of the TOP10 global optical module suppliers ...

A few days ago, LightCounting, a well-known market research organization in the optical communication industry, released the latest market report and updated the TOP10 ranking of global ...

Global Optical Modules Market Research Report 2024

This report aims to provide a comprehensive presentation of the global market for Optical Modules, with both quantitative and qualitative analysis, to help readers develop business/growth ...

Optical Modules

This report aims to provide a comprehensive presentation of the global market for Optical Modules, focusing on the total sales volume, sales revenue, price, key companies market share and ranking, ...

10 companies in the optical transceiver industry chain 2024

To help you choose the best partner, this article will analyze and introduce 10 companies in the optical transceiver industry chain for you.

Top 10 Global Optical Modules in 2023: Chinese Manufacturers ...

Recently, LightCounting, a market research institution in the optical communication industry, released the latest version of the 2023 global optical module TOP10 list.

Optical Module Chip Market 2025

This market research report provides a comprehensive analysis of the global and regional Optical Module Chip markets, covering the forecast period 2025-2032. It offers detailed insights into market ...

Top 10 Leading Companies in the Global Optical Transceiver Industry

Strengths: Industry leadership in coherent modules Vertically integrated from materials to modules Strong focus on next-gen 800G and beyond . INNOLIGHT (China) A rising force in high ...

Optical Module Industry Statistics 2026

Our in-depth market data report on Optical Module Industry. Explore verified statistics and the latest research.

Global rankings of optical module chips | Weyland

Note: This ranking reflects overall industry positions, not a strict chip sales leaderboard, but highlights the main players shaping the global optical module and optical module chip market today.
