

How much does Huijue 24-core optical cable cost per meter

Overview

The majority of projects cluster in the \$1.60 per meter range for standard indoor runs with simple routing. When outdoor or armored builds are required, the per-meter cost may exceed \$3. A 24-core fiber optic cable price per meter varies significantly based on fiber type, construction, jacket material, and application environment. One of the primary determinants is the type of fiber used—single-mode or multimode. Single-mode fibers (SMF) are typically used for long-distance. These steel tape armored cables are suitable for installation for long haul communication and LANs, especially suitable for the situation of high requirements of moisture resistance. Commercial building installations with 100-200 network drops generally range from \$15,000 to \$30,000. It supports customization and has national standard quality.
