

Is the secondary distribution box in violation of regulations

Overview

This document does not, however, substitute for the public notification regulations, nor is it a regulation itself. Thus, it cannot impose legally binding requirements on EPA, states, or water suppliers and may not apply to a particular situation. 302 through. This section covers the operation and maintenance of electric power generation, control, transformation, transmission, and distribution lines and equipment. Conduit is required when cable will pass under existing pavement, sidewalks, driveways, etc. "Company, our, we, us" - Dominion Energy South Carolina, Inc. 2 Setting and Removing Meters - None but duly authorized agents of the Company or persons authorized by law shall set or remove, turn on or turn off, or make any changes which will affect the accuracy of such meters. Connections to the Company's system are to be made only by its employees.

Article Content

Underground Service

Any bond between the meter enclosure and joint users that interferes with removing the cover on the meter box is a violation of NEC 250.94 (A)(3). The joint user who created the violation must correct it.
