

No money paid for fiber optic cable installation

Overview

Some companies offer free or heavily subsidized installation as part of a promotional package or with longer contract commitments. Others charge a flat fee, while some might have tiered pricing based on the complexity of the job. The main cost drivers include material type, run length, trenching or aerial work, and any required permits or inspections. All award-winning plans are 100% fiber, 0% cable. No contracts, no data caps and no hidden fees. Professional installation included. Pricing. Fiber optic cable installation costs between \$1,500 and \$7,000 for your home, with prices varying by cable length and installation method. Total Project Costs: For commercial installations, expect costs ranging from \$5,000 to \$20,000 per mile for underground projects and from \$40,000 to \$60,000 per. My company built fiber optic cable for a contractor in multiple zip codes in Northern Va and am not getting paid. Is that after taxes?

Lead Fiber Splicer \$30hr.
