

Quota for installing junction boxes

Overview

Junction box installation costs \$100 to \$300 for parts and labor, depending on the installation location, accessibility, and the electrical box size, material, and indoor or outdoor rating. Plastic junction boxes for indoor wiring cost 50% to 80% less than metal boxes but aren't as durable. If you're planning any electrical work, one of the small but important items on your list will be the junction box. Several factors influence the final price, making it crucial to consider the scope of work, the type of junction box needed, and the complexity of the. The cost of having a junction box installed will depend on several factors, including the type of junction box being used, the complexity of the installation, and any additional materials required.
